

River Edge Parking Rules and Regulations 2020

The Board asks that you make full use by parking your vehicles inside your garage in order to provide for smooth driving patterns on the parking areas in front of the units, particularly those with a common drive. Those parking outside the garages should keep their vehicle opposite of their own overhead garage door so as not to inhibit the ingress and egress of other unit owners. Visitors should be asked to observe these parking provisions as well.

Please be aware of the "NO PARKING" signs on the private road adjacent to units #132 through #180. Please do not park in these areas as it prohibits the ingress and egress to the surrounding units in the event the services of an emergency vehicle are required.

For obvious aesthetic and safety reasons, it is asked that the Residents and their guest do not park or store their vehicles on vacant lots belonging to the Sponsor.

Should you be expecting guests who will be parking several automobiles, it would be good manners to mention that to the neighbors whose parking areas might be affected. Also let your guests know that parking is available on the street.

Parking at River Edge is restricted to unit owners, residents and their invited guests. Should you see that other vehicles are being parked on the premises please notify the City of Tonawanda Police at (716) 692-2121.

In addition, outdoor parking is restricted to principally to passenger automobiles. Commercial Vehicles will not be permitted to park at River Edge overnight unless garaged. Unlicensed motor vehicles or vehicles with expired registrations, inspections or uninsured shall not be permitted to park or to be stored on the property unless garaged.
